**New Information** 

### Computer Letter

Poudre School District will be resending a letter on January 27th that was sent out earlier in the fall regarding the ability for students to take computers back and forth from school to home if that is needed to access our community and/or school homework. Please note that this is not a new policy, so we didn't want there to be any confusion. Our teachers are in communication with their families and will send

computers home if it is required for homework. If you have any questions or have a student that has a specific need, please reach out to your child's teacher. Thank you for your partnership.

### School Safety

Keeping your students safe is our most important job at school. To help us with this task, we have a number of items that we review and work on each year. The first measure we take to ensure safety is to practice our safety drills every month. We have 5 total drills that we practice throughout the year with staff and students to prepare for any events. These are;

- 1. Lock-Out: We secure our perimeter. Everyone comes inside the building.
- 2. Lock Down: We secure ourselves inside our classrooms or offices. Locked doors, lights out, out of sight.
- 3. Evacuation: We vacate the building during an emergency (fire, gas leak, etc.).
- 4. Shelter: We move to designated areas of the school to keep safe during a weather emergency.
- 5. Hold: We clear the halls and stay in classrooms (could be used during a medical emergency).

In addition, we have updated our Reunification Plan. This plan would be used in the event that we have to relocate the students and staff to another location where families would be able to pick them up. Zach will work in partnership with the school district if this event were ever needed. Communication to families about the "when, where, and how" would come from the district in real time. Locations may change depending on the situation, so that is why the communication would come in real time.

Lastly, as we reviewed the grounds this year, we felt an additional exit gate from our playground field would be beneficial. We made a proposal to the district to have an additional gate installed in the southeast corner of the fence line and it was accepted! We are very excited to add the additional layer to our current safety plan.

### Dialogues in Multiculturalism

Join us for the first of four Dialogues in Multiculturalism for Zach families on Wednesday, January 25<sup>th</sup> from 5:30-6:30pm in the Media Center. Due to our large number of multilingual and international families here at Zach, we wanted to provide a platform for multilingual and international families to connect with one another and share their experiences. This first event will focus on the power of our stories. There will be several older students available to help entertain younger children and pizza will be provided. We hope you can join us. See the attached information for details. Please RSVP using THIS SIGN UP.
