Mental Health Matters Presents:

SOCIAL MEDIA: CONNECTION VS. ISOLATION & INTERNET SAFETY

Do you know what your students are looking at on-line??

Is your student's self-esteem tied to how many "likes" they get on Social Media?

Please join us for the 3rd and final virtual Mental Health Matters event of this school year.

Following Footprints in a Digital Party:

PSD School Resource Officers Corporal Jarad Sargent and Officer Ehrich Weis will discuss social media applications that are commonly used by students and present on areas to monitor within the applications to maintain safety for students. Jarad and Ehrich will provide case studies to discuss what each presenter has experienced and seen with young adults and social media during their time as School Resource Officers.

Connection VS. Isolation: Social Media & Mental Health

Join Melanie Potyondy, Rocky Mountain High School Psychologist, and Heidi Thompson, Olander Elementary Counselor, as we explore the impact of social media on mental health. We'll share current data around youth social media usage, including the positive and negative impacts of social media upon interpersonal relationships, behavioral regulation, and mental health. Practical tips for guiding social media usage will also be provided for all age levels.
