## Meet Superintendent Finalists During April 2nd Online Community Forum

Search firm Hazard Young Attea & Associates, or HYA, will host a virtual forum from 5-8:30 p.m. April 2 during which PSD students, families and community members can meet the three superintendent finalists selected by the Board of Education. There will be time for attendees to ask questions. Information about the finalists will be posted on the Superintendent Web page when it is available, prior to the forums. Spanish interpretation will be available.

<https://www.psdschools.org/PSDSuperintendentSearch>

## Pet Policy

As the weather gets warmer, many families are walking to pick up their children after school with their dog. Dogs are not allowed on Zach campus during school hours 7:45am-3:15pm. If you want to walk over with your dog, please meet your child at the rock by Kechter Road or the bridge near Muskrat Creek. Please do not bring your dog near the front of the school, campus sidewalks, or kiss-n-go areas. Thank you!

## Health Office is in Need of Clothing

The health office is in need of gently used clothing for students that need a change of clothes during the day.

**Girls:** underwear sizes small (4T-7), medium (8-10), socks size 1-6

**Boys:** boxers sizes medium (7-10), large (10-12), socks all sizes

## Quarantine Policy

### Following public health guidelines, PSD to allow voluntary shortened quarantines

PSD believes access to education is critical to student success. As allowed by [county](#) and state public health guidance, PSD staff and students can voluntarily end their quarantines early if they meet strict criteria and are approved by PSD COVID-19 Response Teams to do so. This goes into effect March 22 and is a change from PSD's previous protocols. Process information and criteria are available on the [PSD Protocols for COVID-19 web page >>](#)

### De acuerdo con las pautas de salud pública, el PSD permite que se reduzca de manera voluntaria el período de cuarentena

El Distrito Escolar Poudre (PSD, por sus siglas en inglés) considera que el acceso a la educación es fundamental para el éxito de los estudiantes. Según lo permitido por la guía de salud pública del [condado de Larimer](#) y del estado de Colorado, el personal y los estudiantes del PSD pueden terminar voluntariamente su período de cuarentena antes del tiempo establecido, si se satisfacen los criterios estrictos, y se recibe la aprobación de los Equipos de Respuesta a la COVID-19 del PSD. Esto entrará en vigor el 22 de marzo, y es una modificación a los protocolos anteriores del PSD. La información relacionada con el proceso, así como los criterios, se puede encontrar en [la página web de Protocolos del PSD referentes a la COVID-19 \(PSD Protocols for COVID-19 web page\). >>](#)

LAVARSE las manos

**WATCH**  
your distance  
MANTENER su distancia

#### Face covering requirements

PSD staff and students are [required to wear face coverings](#).

- Cloth face coverings may be removed during limited circumstances while following physical distancing, including approved outdoor "mask breaks," recess, eating and drinking.
- Face coverings should be clean, in good repair, include multiple layers of fabric and fit snugly.

#### Return to Learn illness guidance

PSD will align with [Colorado Department of Public Health and Environment \(CDPHE\) Return to Learn guidance](#) for when staff and students may return to work and school after experiencing illness symptoms (not a COVID-19 case).

- These replace the previous iteration of illness protocols followed in the first semester.
- Neither staff nor students should come to work or school sick.

#### Social distancing updates in Phase 4

Six feet of social distance will not always be possible due to space limitations. [CDPHE](#) and the [Larimer County Department of Health and Environment \(LCDHE\)](#) allow schools to seat students between 3-6 feet apart. (see next page) Due to that change, plastic partitions will be used to separate students when distancing is a challenge.

## Health and Safety

### How PSD will respond to COVID-19 cases

PSD will take different – but still **LCDHE**-approved – approaches to contact tracing by grade level in the second semester.

**Enhanced contact tracing:** Rather than investigating and identifying close contacts, all students in a classroom will shift to remote education for 10 days to prevent the possible spread of the virus. Staff members (homeroom teachers, paraprofessionals, etc.) identified as close contacts will also shift remote. All may return to school/work once cleared to do so.

**Targeted contact tracing:** PSD COVID-19 Response Teams investigate and identify possible close contacts (zero to X number); LCDHE issues orders to quarantine. Contact tracing happens in a classroom but also extends into lunchrooms, buses, athletics and other school-specific spaces.

### Who is a close contact?

- Less than 6 feet for more than 15 minutes
- Maintaining 6 feet or more of distance is not always possible within some PSD schools due to space constraints that are difficult to reconcile with educating more students more of the time.

- Recognizing this challenge, the **CDPHE** and **LCDHE** allow schools to seat students between 3-6 feet apart.
- PSD will maximize social distancing whenever possible, with a goal of at least 6 feet.

Classroom with 6 feet between seats

Classroom with 3 feet between seats

Every COVID-19 case investigation is unique and may require slightly varied responses. However, these graphics indicate generally which students may be identified as possible close contacts, depending on the size and set-up of the classroom. If a middle school student with five classes tests positive for COVID-19, there will likely be close contacts identified in each of their classes.

\* Not to scale

**Temporary school closures:** This is new for the second semester. PSD leadership and Health Services staff will discuss with principals whether a temporary school closure is necessary when a school's case percentage goes above 1%, as displayed on [PSD's data dashboard](#). Families should be prepared that their student's school may be affected by this new change and that they may receive little notice before a temporary closure occurs.

**Data transparency:** Each PSD department and school has a COVID-19 Response Team. PSD's COVID-19 data dashboards display data entered by COVID-19 response teams and are kept as current as possible on the [PSD COVID-19 Data and School Information web page](#).

### Preschool/Elementary - will follow enhanced contact tracing

- **Why the change from targeted to enhanced contact tracing between first and second semester?** We do not believe PSD preschool/elementary COVID-19 Response Teams would be able to balance the significant workload of targeted contact tracing and keep our youngest

learners in school all day, every day.

- Although we recognize the remote shift is disruptive, this approach reduces case response work and allows staff to have the time to consistently deliver full-time in-person education.
- LCDHE will issue quarantine orders to students.

### Middle and high school – will follow targeted contact tracing

- Targeted contact tracing in secondary schools second semester will look like it did first semester.
- School COVID-19 Response Teams will identify recommended possible close contacts of the infected individual and shift those people to remote teaching/learning for an Initial Assessment Period with LCDHE.
- At the end of the assessment period, LCDHE confirms close contacts and issues quarantine

orders (quarantine date may vary by person depending on exposure date to the positive individual).

- Targeted tracing is less disruptive and more sustainable at the secondary level. Enhanced tracing is thought to be more difficult for secondary teachers to manage, who engage with multiple classes in a day, compared with an elementary homeroom teacher who interacts with one.

### Vaccinated individuals may not have to quarantine

As of February 2021, when PSD COVID-19 Response Teams conduct contact tracing investigations, they will submit names of all possible close contacts to LCDHE who will verify whether anyone has been fully vaccinated. Those who have a verified vaccination status will not have to quarantine.

### Asymptomatic close contacts have option of shortened quarantine

As allowed by public health guidance, asymptomatic PSD staff and student close contacts can voluntarily end their quarantines early if they meet strict criteria and are approved to do so. This goes into effect March 22 and is a change from PSD's previous protocols. [More information >>>](#)

## Quarantining during the second semester

Poudre School District's [protocols](#) for voluntary shortened quarantines, meeting public health criteria

### Quarantine vs. Isolation:

Both help slow the spread of COVID-19

#### Quarantine: *stay home*

- For anyone who is a close contact of someone with COVID-19; health department issues legal orders
- **10 days** from last date of exposure in most instances
- **14 days** from last date of exposure if case involves a COVID-19 variant
- Cannot participate in PSD or non-PSD athletics, activities, etc.
- **New for second semester:** When PSD COVID-19 Response Teams conduct contact tracing investigations, they will submit names of all possible close contacts of a case to LCDHE. LCDHE will verify whether anyone on the list has been fully vaccinated. Those who have a verified vaccination status will not have to quarantine.

#### Isolation: *stay away* from other people, including in your household

- For anyone diagnosed with COVID-19; health department issues legal orders
- **10 days** from the date symptoms started until symptoms improve and at least **24 hours fever-free** without using fever-reducing medicines; can return to activities on **11th day**
- If no symptoms, isolate **10 days** from date you were tested, returning to activities on **11th day**
- Cannot participate in PSD or non-PSD athletics, activities, etc.
- Testing is not required or recommended to leave isolation because it is possible to test positive for up to 90 days after recovering, even though you are no longer able to spread the virus to others

Updated March 22, 2021

*continued on next page*

## Health and Safety Quarantine vs Isolation

### PSD's new quarantine protocols

As allowed by [county](#) and state public health guidance effective March 22, asymptomatic staff and student close contacts can voluntarily end their quarantines early if they meet strict criteria and are approved by PSD COVID-19 Response Teams to do so.

#### When asymptomatic close contacts *can* leave quarantine early

The [Centers for Disease Control and Prevention](#) accepts two alternative options for quarantine:

- **7-day option:** if no symptoms, a person may quarantine for 7 days and return to normal activities on day 8 if a negative test was collected within the previous 48 hours (on day 6 or later).
- **10-day option:** if it has been 10 days since a person was exposed and they do not have symptoms, they can return to normal activities on day 11 without a test.
- Test negative on any (PCR, BinaxNOW, Abbott ID NOW, etc.) COVID-19 test
- Start the process by contacting the respective department or school COVID-19 Response Team. Written documentation of negative test results is required
- Obtain approval from PSD COVID-19 Response Team before ending quarantine early and returning to school or work

*Note:* Symptomatic close contacts of a case must either isolate for 10 days from symptom onset (if they test negative after symptom onset) or quarantine for 14 days. Those with illness symptoms should follow [Colorado Department of Public Health and Environment \(CDPHE\) Return to Learn guidance](#) for schools.

#### When asymptomatic close contacts *cannot* return early

The option to end quarantine and return to PSD classes and athletics/extracurricular activities early only applies to cases where a student may access a class and/or activity in-person.

- In elementary schools, all students in a classroom are shifted to remote education for 10 days from the last date of exposure to a COVID-19 case. During this time, the educational option is remote learning. **Students may not "test back" into class early because the classroom will remain closed to all until a date communicated by the school.**
- If an elementary classroom is open to in-person learning, an elementary student could be cleared to complete quarantine early and return to class. E.g. Student is identified as a close contact of a COVID-19 case in their household but there is no case at school, so the class isn't shifted to remote learning.
- If a case involves a COVID-19 variant (see Quarantine vs. Isolation for more).

PSD believes access to education is critical to student success. This change also aligns with the CDPHE's recent loosening of organized sports guidelines. Additionally, the [Larimer County Department of Health and Environment \(LCDHE\)](#) has reported that more students who test positive for COVID-19 but are asymptomatic have been discovered because they were tested as part of the process to end their quarantines early at other schools in the county that have already implemented this protocol.

**The 3 W's**  
to reduce risk of COVID-19  
3 medidas para reducir el riesgo de contraer la COVID-19

**WEAR**  
a mask

MANTENER su distancia

**IMPORTANT!** If you have any symptoms related to COVID-19, please do not enter this building.

**¡IMPORTANTE!** Si tiene algunos síntomas relacionados con la COVID-19, no entre a este edificio.

Sources: Larimer County Department of Health and Environment, Colorado Department of Public Health and Environment, Centers for Disease Control and Prevention

#### Vaccinations, PPE and quarantines

Vaccinated individuals will continue to follow all health and safety and personal protective equipment guidelines.

[LCDHE](#) is following CDC guidance for fully vaccinated individuals (14 days after final dose: Refrain from quarantine if not symptomatic). When there is a COVID-19 case, the respective PSD department or school COVID-19 Response Team (CRTs) will conduct a contact tracing investigation

with LCDHE. CRTs submit information to LCDHE for any one identified as a possible close contact of the case. LCDHE will verify state vaccination records to determine whether anyone on the list is fully vaccinated. If they are, that individual will not be quarantined.

## Kindergarten 2021-2022 Registration

Kindergarten registration for the 2021-2022 is now open. Please visit the Kindergarten page on the Zach website for information and registration link. <https://zac.psdschools.org/kindergarten-2021-2022>

## PSD Summer Music Program

The Poudre School District is proud to offer an intensive summer music program for the band and orchestra students in PSD. For students just starting their experience, this program is the first step to success – with guidance on everything from opening the case and assembling the instrument to their first performance. For students who already play a band or orchestra instrument, the summer session allows students to continue to refine their technique and continue to bond with their friends and teachers over the summer.

It is our sincere hope that we will be able to offer summer music classes during the summer of 2021. Our first priority will be to the safety of the students and staff, so we are asking people to save these dates with the understanding that if Poudre School District or the Larimer Health Department determine it in the students' best interest to delay or cancel the program. We will make the adjustments and inform parents and students as quickly as we can. As regulations shift, please know, that all requirements regarding numbers of students, distancing and masks will be followed.

Summer Beginning Music (for any band or orchestra student who will be starting an instrument in 2021-2022); Monday-Friday, July 19-August 6

Classes are offered in the mornings (beginning classes are 50 minutes; intermediate and advanced classes are 80 minutes) at numerous sites around Fort Collins and Wellington. We anticipate schedules and early registration for summer classes will begin after spring break. Registration information will be distributed by our current music teachers, or 5<sup>th</sup> grade classroom teachers, and our summer music web-site will go live at that time (<https://sites.google.com/a/psdschools.org/psd-summer-music/>).

Questions about the summer music program should be directed to the music teacher at the school your child will attend in the fall, or to Scott Schlup ([sschlup@psdschools](mailto:sschlup@psdschools)), summer music coordinator.

## PSD Summer Music Program Save the Date! July 19<sup>th</sup>-August 6<sup>th</sup> 2021

If your child is considering *Beginning Band* or *Beginning Orchestra* in 6<sup>th</sup> grade next year, please save this date! This program is where your child will learn the basics of playing and caring for their instrument in a small group setting prior to the start of school. These three weeks are an essential start to your child's success on their instrument. The Summer Music Program is one of many keys to our district's outstanding musical achievements.

Classes occur in the morning, are instrument specific, and are one hour in length. Registration forms and specific class times will be distributed by middle school directors to families that register for band or orchestra in the spring.

*A great way to transition to Middle School!*
