Can you believe it's November?! Wow, what a whirlwind of a school year! Thank you for your grace and just rolling with it with us! This month is going to bring our safety week, where we focus on fire evacuation drills and lockdown practice. We have redesigned our drills to include physical distancing. It is a district requirement that each school host monthly fire evacuation drills for both A and B days, so we have that routine ahead of us too. November also brings picture days! We will host A and B day picture days on November 5 and 6. This is always a fun day to see how lovely the kids dress up.

November also brings Zach Gives Back (ZGB). This is our annual celebration of campaigns that focus on collecting goods and funds to benefit our local, national, and global community. Like everything now, ZGB will look quite different this year, so stay tuned for more info on that.

Not only do we have Thanksgiving coming up, but we also have our PTO sponsored Zach Enrichment Fund (ZEF) launching this season. More than ever, we need your financial support of our school. We took a large financial cut last spring, then another 5% cut later in May, then in September (with the loss of 60+) students we returned $95,000 of our budget to PSD. That has left us with very little to operate with. PTO approved the use of their $40,000 budget to be used for school operational budget. I am so thankful to our incredible parent partnership for this!! Those are ZEF funds and they are saving us this year! Now, we need to replenish the PTO budget so that we can still run all the amazing ZEF teacher budgets and mini grants used in the classroom. We are also installing an outdoor classroom where the modulars used to be and redesigning our media center space! So many great things happening at our school this year! Please donate to ZEF! It makes a difference right at our school. Many people think that because of our surrounding neighborhoods that Zach gets the real estate taxes and thus is highly funded. This is simply not true. District funding is by the district boundary, not by school boundary. We are allocated funds from PSD, and we are the second lowest per pupil operating revenue of elementary schools in PSD. Please know that your ZEF donation is absolutely NEEDED! Thank you in advance for supporting this parent sponsored campaign!

Zach Enrichment Fund (ZEF)

What is ZEF? Zach’s only fundraiser, a supplement to district and state funds that contributes to classroom budgets and funds teacher grants throughout the year.

Why is the PTO asking for contributions now? We know that this is a difficult time for some families. It is also a difficult time for our school. Zach remains committed to providing an extraordinary education for our children, and ZEF funds provide the materials and experiences that make the extraordinary possible.

How much should I donate? The suggested donation is $100 per child, but every gift helps propel us toward our goal of 100% school-wide participation.

How can I do my part? You can pay with cash, via SchoolPay, or with a check made out to Zach Elementary PTO. If you have multiple children, the total contribution will be split equally among them and will count toward each of their classes’ tallies and participation rates.

**Practice Safety Drills: Lockdown and Evacuation**

All schools are required by the state and district to hold practice safety drills (lockdown, evacuation) throughout the school year. We believe that conducting these drills is an important part of maintaining safe environments in our schools. These drills will be conducted in ways that are sensitive to the needs of our students. Zach Elementary will hold our initial lockdown and evacuation practice drills on Monday, November 2 (A day) and Tuesday November 3 (B day). Here are the details below:

- Drills will be held back-to-back in order to minimize the disruption of classroom instructional time
- Building administration will announce to staff and students the beginning and end of the “practice safety drills” over the PA
- Staff and students will continue to follow Covid safety protocols before, during, and after the lockdown and evacuation practice safety drills
- Staff may provide a frontloading and/or debriefing period for classroom discussion as needed to answer any questions and support our students

Original Works!

Original Works is the #1 art based program in the country, offering a very special program that allows you to have your child’s very own artwork reproduced onto a number of professional, full color products. Zach has been participating in the program ever since we opened, and I know many of you have collections of your favorite items from over the years! Due to our learning situation this year, we won’t be able to run the Original Works Program in the same set up that we usually do... but we have great news for you! **We have set up a program with Original Works called “Online atHome” where students can create the artwork at home.** You can then email Original Works a picture of the artwork, and will be able to order items to be shipped directly to your homes or to whomever you would like to send your child’s artwork to! Our ordering timeframe is now until November 9th. Placing orders during this time frame will assure your order arrives in plenty of time for the holidays. Information on how to order is now posted on the Original Works page of the Art Learning Page. **Please check out the following link to see the requirements for creating your artwork, different project ideas, and how to order:** [https://sites.google.com/psdschools.org/zac-learning-specials/art/original-works](https://sites.google.com/psdschools.org/zac-learning-specials/art/original-works)

This decision tool is NOT intended for cases or close contacts of COVID-19.
A confirmed COVID-19 case or close contact should follow public health isolation or quarantine instructions for return to school/work. No test result can end an individual's isolation or quarantine period early.
*All students/staff with symptoms of COVID-19 should be tested as soon as possible.

For use in communities in Protect Our Neighbors or those the Local Public Health Agency determines is low.

*Start

Does individual have new loss of taste or smell of any duration?

Have symptoms resolved within 24 hours of symptom onset?

Did the person have Minor symptoms only AND symptoms resolved in 48 hours AND can person wear a mask safely?

Was PCR testing done?*

Is there an alternate diagnosis that explains all symptoms?

Test result

Can person wear wear a mask safely?

Follow regular Return to School illness policies if all symptoms have stayed resolved for 24 hours

Follow Home Isolation for 10 days following symptom onset AND 24 hours fever free without use of fever-reducing meds

Critical Symptom
- Loss of taste or smell

Major Symptoms
- Feeling feverish, having chills, temperature of 100.4°F or greater
- New or worsening cough
- Shortness of breath or difficulty breathing

Minor Symptoms
- Sore throat
- Runny nose or congestion
- Muscle or body aches
- Headache
- Fatigue
- Nausea, vomiting
- Diarrhea

1 In the setting of low community transmission, the following are examples of alternate diagnoses that should be considered, if the clinician believes that they explain the reported symptoms. However, if the patient has 2 or more major criteria, fever and any major criteria, known contact with a person with known or suspected COVID-19, or new loss of taste/smell, COVID-19 PCR should be pursued regardless of alternative diagnosis:
  - Positive laboratory test: influenza, streptococcal pharyngitis (*strep throat*), bacterial infection
  - Clinical diagnosis: worsening of known illness (such as asthma or seasonal allergies) with clear link to underlying disease

Calling all PSD schools! Release the Turkeys! The Turkey Round Up is one of our favorite community events and is needed this year more than ever. So, grab a frozen turkey or two and donate for your school!

Be sure to mention your school so we can track donations. Safety is a priority and we’re following all COVID-19 protocols.
