

ART ENRICHMENT

Art Teacher: Angela Sickels / asickels@psdschools.org / 488-5118

The Art Enrichment program at Zach is an additional learning opportunity for students interested in the visual arts. Sessions are held before school, from 7:45- 8:40 a.m. in the art room. Since most projects will take more than one session to complete, regular attendance is important. Projects may include individual as well as group work and include a variety of mediums and techniques. This is a great opportunity for your child to further explore the exciting world of ART!

Art Enrichment is offered to 3rd, 4th, and 5th graders during the following dates:
